

INDEXU 7

Custom Field Types

By Dody Rachmat W. (dodyrw@gmail.com)
September 7, 2011

One of Indexu 7 strength point is the flexibility of defining custom fields for your directory project. You can add as many as data fields as you desire. This tutorial will cover the custom field types.

Custom field types represent how the data field will interact with the user.

1. Text

Admin panel setting :
